CALL FOR PAPERS

The 2023 IEEE International Symposium on Power Line Communications and its Applications (ISPLC) will be the 26th symposium dedicated to scientific and technical advances in the field of communications over power lines. The event is sponsored by IEEE Communications Society (IEEE ComSoc). The conference will be held in Manchester, United Kingdom, from 21st to 23rd March, 2023. One of the main features of ISPLC is strong industry participation; it brings together researchers, practitioners and users of PLC technology. The conference will further include a series of keynote and experts’ panel talks, as well as an Industry Exhibit centred on PLC for Smart Grids.

In this edition, contributions can be submitted to any of the following four types of sessions:

<table>
<thead>
<tr>
<th>Type of submission</th>
<th>Target</th>
<th>Acceptance criteria</th>
<th>Publication</th>
</tr>
</thead>
<tbody>
<tr>
<td>Regular Technical</td>
<td>Unpublished works</td>
<td>Peer review</td>
<td>Proceedings &amp; IEEE Xplore®</td>
</tr>
<tr>
<td>Dissemination</td>
<td>Works already published in journal papers</td>
<td>TPC co-chairs</td>
<td>Only to attendees and subject to authors' authorization</td>
</tr>
<tr>
<td>Industrial &amp; standardization</td>
<td>Ongoing or recent industrial developments, specifications, standards and prototypes</td>
<td>TPC</td>
<td>Only to attendees</td>
</tr>
<tr>
<td>Recent results</td>
<td>Ongoing research and preliminary results</td>
<td>TPC co-chairs</td>
<td>Only to attendees</td>
</tr>
</tbody>
</table>

Check the website for full details of procedures and requirements for the different submissions. Acceptance of submissions will be based on quality, relevance, and originality, with awards for the best submissions. Accepted papers will be published in the IEEE ISPLC 2023 Conference Proceedings and in IEEE Xplore®. Submissions are invited in, but not limited to, the following areas:

- Noise effects over PLC, Channel characterization, modelling, emulation, and experimental systems
- MIMO, Modulation, coding and signal processing for PLC
- Non-orthogonal multiple access for PLC
- Access, in-home and in-vehicle power line networks
- System architectures integrating PLC
- Broadband and multimedia applications
- PLC for Smart Metering, Distribution Automation, PLC in integration with electric grid assets
- Experience from large scale PLC roll-outs
- Performance measurements and comparability of field trials
- Cooperative technologies with PLC/hybrid systems
- PLC standardization and regulation
- Emerging PLC-related technologies
- Network and service management
- Electromagnetic compatibility and interference
- Coexistence and interoperability
- Measurement concepts, protocols and tools for PLC
- Operation and management for PLC networks
- Green communications and energy saving concepts for PLC modems
- Cross-layer optimization and service integration
- Cybersecurity in PLC

General Chairs
Bamidele Adebisi, Manchester Metropolitan University, UK

Technical Program Committee Co-Chairs
Cédric LAVENU, EDF, France
Ralf Lehnert, TU Dresden, Germany

Programme and Web Chair
Olamide Jogunola, Manchester Metropolitan University, UK

Industry Track Committee Co-Chairs
Anil Mengi, Devolo
Jean-Philippe Faure, HD-PLC
Marcos Martinez, Maxlinear

For more information about this conference, please visit http://sites.ieee.org/isplc-2023/

Important Dates:
- Paper registration due: 23rd October 2022
- Full Paper Due: 1st November 2022
- Notification of Acceptance: 6th January 2023
- Camera-ready papers Due: 9th February 2023

PLEASE NOTE: To be published in the IEEE ISPLC 2023 Conference Proceedings and to be eligible for publication in IEEE Xplore®, an author of an accepted paper is required to register for the conference at the full (member or non-member) rate and the paper must be presented by an author of that paper at the conference unless the TPC Chair grants permission for a substitute presenter arranged in advance of the event and who is qualified both to present and answer questions. Non-refundable registration fees must be paid prior to uploading the final IEEE formatted, publication-ready version of the paper. For authors with multiple accepted papers, one full registration is valid for up to 3 papers. Accepted and presented papers will be published in the IEEE ISPLC 2018 Conference Proceedings and submitted to IEEE Xplore® as well as other Abstracting and Indexing (A&I) databases.
